

TOTALGARD™ ROOFPLUS WARRANTY PROGRAM

Your Firestone roof may be eligible for five years of additional coverage once your Red Shield™ Warranty expires through our RoofPlus Warranty Extension Program!

To reward building owners who maintain their roofs, and to help them maximize the value of their roofing investments, Firestone offers the RoofPlus Warranty Program. Through this program, Firestone can turn your 10 year warranty into 15 years, your 15 year warranty into 20 years, or your 20 year warranty into 25 years!

HOW THE PROGRAM WORKS

- All Firestone low-slope roof system types are eligible:
 - » RubberGard™ EPDM
 - » UltraPly™ TPO
 - » Firestone SBS
 - » Firestone APP
 - » Firestone BUR
- To enjoy the benefits of the TotalGard™ RoofPlus Program, a Firestone Red Shield™ Contractor will provide you with:
 - » A completed roof condition analysis
 - » A quotation for any necessary repairs
 - » A quotation for annual maintenance
- 3. To increase the performance of your roof system, the
- Firestone licensed contractor can provide you information and a quote on other Firestone products not currently installed that would be included under the Red Shield Warranty, including:
 - » Safety products such as walkway pads, fall protection and safety tape
 - » Enhancement products such as skylights, vegetative roofing and paver systems
- 4. Upon your acceptance of the quotations, performance
- of any necessary repairs, installation of new products and final approval of the repaired roof, Firestone will issue a Red Shield RoofPlus Warranty!
